

City of Vista - Update on Coastal Cleanup Day

On September 19, 2009, the City of Vista participated in the **25th Annual Coastal Clean Up Day**. Approximately 120 volunteers showed up to clean Buena Creek! Volunteers came from all over north county, including: Vista, Oceanside, Escondido, San Marcos, Carlsbad, Fallbrook, San Diego, and unincorporated portions of the county. Fifty-four percent of those volunteers were under the age of 18 with participants from 4 girl scout troops, 3 cub scout troops, and many students from the local middle and high schools. Volunteers collected 1153 pounds of trash, 160 pounds of recyclables, and 60 pounds of eWaste.

A big thank you to everyone who participated! The turnout was much higher than anticipated and everyone seemed to have a great time. As one of the cub scouts remarked about the event, "this rocks!". All of our volunteers "rock" and Buena Creek looks great! Thank you very much!!

See you next year!
