

ENGINEERING DEPARTMENT

NOTICE TO RESIDENTS MAR VISTA ROUNDABOUT CONSTRUCTION UPDATE

PROJECT: MAR VISTA ROUNDABOUT CONSTRUCTION

TIMELINE: WORK IN PROGRESS.

UPDATE: February 26, 2019: THIS PROJECT IS DELAYED DUE TO UNEXPECTED SDG&E UTILITY WORK & THE RECENT RAIN EVENTS. ANTICIPATED COMPLETION HAS BEEN UPDATED TO APRIL 2019.

The City of Vista has retained KB Homes (Contractor) to construct the Mar Vista Roundabout. The work consists of raised median islands, new water service for landscape tree well and major road improvements. Since mid-February, the Contractor uncovered a multitude of unknown underground utilities that are in conflict with the roadway construction. The utilities belong to SDG&E and must be relocated. The relocation of the interfering utilities will take a minimum of 6 weeks to complete. This unexpected event will unfortunately delay the completion of this project until April 2019. Every effort will be made to expedite this work. We ask for your patience and understanding as we are working diligently with SDG&E to resolve this issue.

The project will cause inconvenience during construction, but once the work is complete, the Mar Vista Roundabout will be a new street and be a permanent benefit for everyone.

We appreciate your cooperation in the following matters:

1. Please be alert when driving or walking in or near the construction area.
2. Tools, materials and equipment are attractive to children. For the safety of the children, please keep them away.
3. During construction, please report any concerns to the City of Vista Project Engineer at 760.612.7484.

The name and phone number of the contractor is below.

This construction work is being performed for the City of Vista by:

**KB Homes
1338 Mesquite Drive
Vista, CA**

We will endeavor to complete this work as rapidly as possible and with a minimum of inconvenience to you.

Thank you for your understanding and cooperation during the construction of this project. If you have any questions regarding the project, please contact Jeff Moore at 858-381-2180.
