

# PUBLIC NOTICE

The City of Vista is conducting a study to restore portions of the creek in Buena Vista Park. The study requires a limited soil boring investigation. The City's consultant will perform this activity, which will require a soil boring rig. Environmental monitors will be used to ensure sensitive resources are protected. Park guests should expect some noise during the following times:

**Expected Work Days:** April 24 to 25, 2019

**Working Hours:** 8 AM to 6 PM

Thank you for your consideration during the study. Please direct questions to the City Engineering Department at 760-639-1111.
