

**NOTICE OF PUBLIC HEARING
SEWER CAPACITY CHARGES
PUBLIC HEARING: APRIL 14, 2020**

Proposed Resolution to Increase “Sewer Capacity Charges” for the City of Vista

The City imposes capacity charges (Sewer Capacity Charge) when a property seeks to establish or expand a connection to the City sewer system (New Sewer Connection), and the City Council may amend the amount of that Sewer Capacity Charge from time to time in accordance with the City of Vista Municipal Code. The City has commissioned a Waste Water Capacity Fee Study, dated March 16, 2020, to determine the proper amount of Sewer Capacity Charges for a New Sewer Connection. Based on that Capacity Fee Study, it was determined that the Sewer Capacity Charge for each “equivalent dwelling unit” of capacity required by a New Sewer Connection should be increased. The basis for determining the adjusted Sewer Capacity Charge is set forth in the *City of Vista Sewer Capacity Charge Study, Final Report / March 16, 2020* on file and available for review in the City Clerk’s Office.

NOTICE IS HEREBY GIVEN that the City of Vista, California, will hold a public hearing in the Vista Civic Center Council Chambers, 200 Civic Center Drive, Vista, on **APRIL 14, 2020, at 5:30 PM**, or as soon thereafter as the matter may be heard, to receive and consider all evidence and reports presented at said hearing and/or obtained previously relative to the following matter:

NOTE: If you challenge the resolution or the increased charge in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City of Vista, California at, or prior to, the public hearing.

ALL INTERESTED PARTIES ARE INVITED to attend said hearing and express opinions on the matter outlined above. The City encourages the participation of disabled individuals in the services, activities and programs provided by the City.
